

20-21 May, Royal Randwick, Sydney

Advisory Board

Chris Balogi, Executive ICT, **Southern Cross Care**

Paul Basso, Head, Data Analytics and AI, **Uniting AgeWell**

Cameron McPherson, Chief Executive Officer, **Medical & Aged Care Group**

Jonathon Jackson, General Manager Transformation, **Mecwacare**

Confirmed 2026 Speakers

1. **Angeline Michelutti**, Strategic Account Executive, **Microsoft Elevate**
2. **Leana El-hourani**, Head of Information Security & GRC, **Mission Australia**
3. **Anna Barker** Executive General Manager, **HammondCare**
4. **Steven Taylor**, CFO, **Nazareth Care**
5. **Amanda Sweeney**, Manager Enterprise Digital and Data Enablement, **Mission Australia**
6. **Evonne Miller**, Professor of Design Psychology, **Queensland University of Technology**
7. **Nathan Betteridge**, Co Founder / Director, **Five Good Friends**
8. **Mark Smith**, Chief Transformation Officer, **Ozcare**
9. **Cameron McPherson**, Chief Executive Officer, **Medical & Aged Care Group**
10. **Scott Winch**, Director Aboriginal Health, **The Sax Institute**
11. **Simon Grof**, Chief Medical Officer, **Jewish Care**
12. **Paul Basso**, Head, Data Analytics and AI, **Uniting AgeWell**
13. **Jonathon Jackson**, General Manager Transformation, **Mecwacare**
14. **Joe Perricone**, IT Manager & Digital Strategy Lead – Aged Care, **The Salvation Army**
15. **Chris Balogi**, Executive ICT, **Southern Cross Care**
16. **Ruth Pirrie**, Assistant Director, Corruption Prevention, **National Anti-Scam Centre, Australian Competition & Consumer Commission**
17. **Dr Armin Alimardani**, Senior Lecturer in Law & Emerging Technologies School of Law, **Western Sydney University & Former Consultant OpenAI**
18. **Wayne Stoddard**, GM Engagement and Compliance, **Southern Cross Care (SA, NT & VIC)**
19. **Scott Lawton**, CIO, **Apollo Care**
20. **Brian McCarthy**, Chief Commercial Officer, **Andromeda**
21. **Abi**, Companion Robot, **Andromeda**

Day One – Wednesday 20th May 2026

08:00 Registration and refreshments

08:50 Welcome to country

09:00 Introduction from the chair

Integrating Systems, Leadership, and Care

09:10 **Government Address: The Aged Care Act in review, digital adoption, standards, and compliance**

- Addressing the key digital gaps in nationwide service delivery six months into the new legislation.
- Learn how to structure your compliance data securely and with most benefit

09:40 Sponsor reserved slot

10:00 **Panel: Selecting and implementing your care management platform**

- A technical and strategic guide to evaluating and procuring the central software platform that will integrate all other clinical, operational, and IoT systems.

Anna Barker Executive General Manager, **HammondCare**, **Wayne Stoddard**, GM Engagement and Compliance, **Southern Cross Care (SA, NT & VIC)**

10:45 **Wi-Fi Resilience, Internet, and wireless technology leadership**

- Establishing the foundation for all digital services, focusing on high-bandwidth, resilient WLAN to support everything from clinical devices to resident streaming.
- Learn how integrated systems must be considered in the case of a long-term outage

11:15 Morning break

11:50 Breakout sessions A (First set: 11:50 - 12:20 & Second set: 12:20 – 12:50)

These are 30-minute interactive breakout sessions. Each is 30 minutes long and delegates can pick two to attend.

12:50 Networking lunch

Safeguard's & Governance in the Age of AI

1:45 **Case Study: Organisational security & cyber-defences**

- Implementing effective cybersecurity training for all staff. As weak as your weakest link
- Understand the cybersecurity frameworks to safeguard sensitive resident data, mitigate the risk of costly breaches, and stay compliant with government regulation.

Leana El-hourani, Head of Information Security & GRC, **Mission Australia**

2:15 Sponsor reserved slot

2:35 **Panel: AI and big data for workforce productivity: Guard Rails and Governance**

- Common-sense questions of AI use and guardrails against misuse, including data privacy, applications in aged care, and how to keep pace with the changing AI landscape.

Joe Perricone, IT Manager & Digital Strategy Lead – Aged Care, **The Salvation Army**, **Dr Armin Alimardani**, Senior Lecturer in Law & Emerging Technologies School of Law, **Western Sydney University**

3:10 Afternoon Tea

Tech Investment & The Business Case for Innovation

3:40 **Keynote: A Digital Transformation Business Case Study**

- A visionary outlook on how the next wave of integrated technologies will create a more predictive, responsive, and efficient aged care ecosystem.

Nathan Betteridge, Co Founder / Director, **Five Good Friends**

4:10 **Medication safety and digital medication management at scale**

- Case study on scaling digital medication systems to improve safety and using AI to automate rostering, freeing up valuable staff time for care.

Simon Grof, Chief Medical Officer, **Jewish Care**

4:40 **Building the Business Case: ROI on Technology and Infrastructure development**

- Quantify and articulate the return on investment of technology projects, linking them to efficiency gains, risk reduction, and improved resident outcomes.

Steven Taylor, CFO, **Nazareth Care**

5:10 Chairperson remarks

5:15 Networking reception

Day Two- Thursday 21st May 2026

08:30 Arrival and refreshments

09:10 Welcome and introduction from the chair

Driving Adoption and Enhancing Resident Experience

09:20 **Keynote: Technology for enhancing wellbeing and combating social isolation**

- Highlighting the proven technologies in combatting social isolation and improving the daily lives of residents and home care clients.

Cameron McPherson, Chief Executive Officer, **Medical & Aged Care Group**

Brian McCarthy, Chief Commercial Officer, **Andromeda**

Abi, The Companion Robot, **Andromeda**

09:50 Sponsor reserved slot

10:10 Industry Keynote: Microsoft

Microsoft AI Upskilling Case Study

- This session will explore the data and operational impact of successful AI upskilling, putting people first, and making sure AI serves everyone with an example from aged care

The Future of AI Cloud Technology

- With some aiming to be the first to reach artificial general intelligence or even superintelligence. What do we really hope to create at the supposed finish line?

Angeline Michelutti, Strategic Account Executive, **Microsoft Elevate**

10:50 Morning break

11:20 Designing effective training and embedding technology adoption into organisational culture.

- A practical panel sharing proven methods for designing effective training, overcoming resistance to change, and embedding technology adoption into organisational culture

Amanda Sweeney, Manager Enterprise Digital and Data Enablement, **Mission Australia**

11:50 Breakout sessions B (First set: 11:50 - 12:20 & Second set: 12:20 – 12:50)

These are 30-minute interactive breakout sessions. Each is 30 minutes long and delegates can pick two to attend.

12:50 Networking lunch

1:50 Enhancing daily work practices through AI: practical insights and challenges

- Showcasing common-sense AI technologies that have a direct, positive impact on staff productivity

Paul Basso, Head of Data Analytics and AI, **Uniting Age Well**

Ageing in Place and Integrated Health Infrastructure

2:15 Staying Safe Online: A Practical Guide for Aged Care Providers

- Gain insights into the most prevalent and damaging scams targeting older Australians right now, from family impersonation and remote access scams to fraudulent investment schemes and learn the critical red flags.

Ruth Pirrie, Assistant Director, Corruption Prevention, **National Anti-Scam Centre, Australian Competition & Consumer Commission**

2:50 First Nations ageing in place: The digital gaps in regional & remote communities

- Identifying the key digital gaps that currently limit choice amongst care providers.
- Outlining a co-designed framework for flexible, digitally-enabled care delivery in regional and remote settings.

Scott Winch, Director Aboriginal Health, **The Sax Institute**

3:30 Panel: Integrating assistive technology for mobility, safety and independence

- Discussing the implementation and integration of technology. Infrastructure and design considerations for new technology

Evonne Miller, Professor of Design Psychology, **Queensland University of Technology**,
Mark Smith, Chief Transformation Officer, **Ozcare**

4:00 End of day
